WHAT'S IN THE PACKAGE?

- 1 FULLY EQUIPPED MOTHERSHIP**
With the MotherShip you will receive a turnkey e-bike rental operation that you can use right away. In the morning you open the door, you push the button on the remote control and your BIKKLA e-bike rental unit is ready to go. Inside the MotherShip you will find everything you need for daily operation.
- 2 BIKKLA ELECTRIC BIKES**
With the MotherShip you will receive 4pcs BIKKLA Electric Monkey kids e-bikes and 8pcs BIKKLA Fat Electric Bikes for adults. Each e-bike is equipped with it's own GPS, so you and we can track their location at all times.
- 3 SPARE PARTS TO LAST A YEAR**
If something brakes, may that be a broken gear or control unit, you simply take the needed part from the shelf and replace it.
- 4 CUSTOMER SAFETY**
Helmet, reflective cycling vest. These are also required by law and the MotherShip has a stockpile of these. That being said they need to cleaned from time to time.
- 5 HARDWARE AND SOFTWARE**
We have developed a hardware and software system to manage your business. With help of this system you can track the daily operations, rentals and income. All reporting is done real time and is readily available on your smart phone.
- 6 ADVERTISING AND MARKETING**
We have this area covered. You will receive brochures and other advertising materials on a monthly basis. We also cover the online advertising and content creation as well.

HOW MUCH?
